South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Mt. Zion Elementary School is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate through embracing personal mastery strategies, working to ensure rigorous instruction at all achievement levels, and focusing on character-building skills.

Personal mastery strategies encourage collaboration and teamwork between all members of our community. Teachers work with each other and students. In turn, students work with each other and their teachers to ensure that student goals are met. Students work with teachers to set goals for themselves that are appropriate and challenging. Students are allowed to work at their own pace and are given choices in the way they learn and prove mastery of material covered.

The faculty and staff of Mt. Zion strive to provide rigorous instruction at all levels of student achievement. Providing rigorous content will be a focus of professional development for faculty and staff in 2015-16. The concept of rigor will be discussed at grade-level and whole-school meetings.

Our Guidance Department will lead us in making sure that there is school-wide focus on the skills needed to ensure that our students possess those "soft skills" that make them better citizens of the world and workplace. The curriculum focuses on responsibility, honesty, wisdom, integrity, individuality, cooperation, compassion, self discipline, honor, friendship and patience.

Special attention is placed on providing an environment that is safe and caring. Children are treated with respect and their input is valued. It is expected that students show that same respect to each other and their teachers.

Deborah Fordham, Principal
Renitia Bligen, SIC Chair
